## THE 18TH ASIAN SHIPOWNERS' FORUM CHAIRMAN'S MESSAGE

---

Mr. Arnold Wang  
Chairman of NACS

---

Dear fellow shipowners and distinguished guests,

On behalf of National Association of Chinese Shipowners, I would like to extend my warmest welcome and heartfelt greetings to all participants of the 18<sup>th</sup> Asian Shipowners' Forum.

The global financial crisis has swept through all sectors of the world economy and dominated most economic forums in recent months. For the shipping industry, the event this year is made more distinctive by the rampant piracy off Somalia and the Gulf of Aden. On top of that, the widening gap of demand and supply continues to threaten the attempts to revive the sluggish markets.

In such a treacherous environment, communication and coordination can not be more urgent and relevant than it is today. This forum provides a timely occasion to identify problems, to share ideas and experiences, and to overcome these challenges. As shown in the agenda, we have put together a program covering several essential issues in the industry's development.

As one of the most important shipping organizations in the world, today the ASF membership together controls about 50% of global merchant fleet. With the participation of so many important industrial members, I am confident that the information and suggestions shared in these sessions will prove highly valuable not only to ASF members but also to the global shipping community.

I hope we can make use of this forum to strengthen the cooperation among all participants for the improvement of our business and above all, for the sustainability of the shipping industry. Finally, I wish you a pleasant stay in Tainan.

Mr. Arnold Wang / Chairman of NACS

## THE 18TH ASIAN SHIPOWNERS' FORUM ASA MESSAGE

---

Mr. Noel Hart  
Chairman of ASA

---

I am delighted to be here in Taiwan attending my first Asian Shipowners Forum annual general meeting, the 18<sup>th</sup> such conference. Since becoming Chairman of the Australian Shipowners Association in November last year I have been looking forward very much to this event to get to know my colleagues from the other regional shipowner associations.

ASA has been an active member of the ASF from the outset of its establishment and values its contribution to the regional shipping community.

In the business of shipping, there are always significant challenges, and shipowners and mariners have for centuries demonstrated their ability to meet such challenges positively and successfully.

Today is no different, Concern and care for the environment rightly continues to be at the centre of global dialogue and industry focus. Trades and markets continue to change, maritime technology and engineering are changing, the global financial market has certainly changed-and left no one untouched in its wake. The world will be looking to Asia to help rebuild economic growth and trade, and we as shipowners will have a strong role to play in its.

For this reason it is vital that Asian Shipowners Forum remains in touch with its membership, provides leadership and focus on important issues and actively represents this wonderful and dynamic part of the world to the rest of the global shipping industry and related stakeholders.

I would like to thank Mr. Arnold Wang and the National Association of Chinese Shipowners for being such gracious hosts, and wish all delegates a very successful conference.

Warm regards

Mr. Noel Hart / Chairman of ASA

## THE 18TH ASIAN SHIPOWNERS' FORUM CSA MESSAGE

---

Capt. Wei Jia Fu  
Chairman of CSA

---

As the Chairman of CSA, it is my pleasure and privilege to congratulate the NACS for hosting the 18<sup>TH</sup> Asian Shipowners Forum(ASF). Also I would like to express my heartfelt appreciation to all the staffs of NACS for organizing this event in TAINAN on May 25-27, 2009.

Due to the worse economy firstly caused by the USA sub-prime mortgage and lately overspread to the world as the world economic depression, the situation of shipping we are facing now is even worse than ever before, such as the falling of international trade, waving of the oil prices, inflationary pressure and so on. These issues will be challenges for our shipping industry to overcome.

Asian shipowners Forum has been an important platform for its members to raise and discuss the issues concerning and affecting the development of the Asian shipping industry. I think that the ASF is also the best venue for us to exchange views on current grim situation and try to work out solutions to be shared by our Asian Shipping Community. Other common issues like the environmental concerns in the shipping industry shall also be addressed on this occasion. I believe the ASF may find better solutions on how to cope with such worse situation. Our Asian Shipowners' Forum must be ready to play its part.

Now I am so proud that the Asian Shipowners Forum is not only firmly promoting the growth and development of the Asian Shipping, but is also playing a more and more influential role in the global shipping community on relevant matters affecting shipping.

On behalf of all the CSA members, I wish the 18<sup>th</sup> ASF annual meeting with the efforts of all delegates, a fruitful and successful event.

Capt. Wei Jia Fu / Chairman of CSA

# THE 18TH ASIAN SHIPOWNERS' FORUM

## FASA MESSAGE

---

Dr. Duong Chi Dzung  
Chairman of FASA

---

On behalf of the Federation of ASEAN Shipowners' Associations (FASA), I would like to congratulate the NACS for the organization of this 18th Asian Shipowners Forum (ASF) in Tainan, Taiwan on 25-27 May 2009.

A year has quickly past since our last meeting in Hainan. During this period, the robust global economy in the first half of 2008 took a sudden turn for the worse when it became adversely affected by the financial woes in the United States and in Europe. Shipping and trade were however not spared as trade financing became difficult and shipping rates took their free fall. Financial rescue packages by many developed and developing countries in recent months have not been very encouraging in reviving the global economy which is still stricken by the lack of confidence in the global financial system.

Nevertheless, I believe it will not be long before we begin to see some light at the end of the tunnel, as demonstrated by the determined efforts of the Group of 20 major economies in London recently to combat the deepest economic downturn since the Great Depression.

Asian nations, meanwhile, have remained strong partners at a time when the immediate outlook in the European and American economies are not favourable. Intra-Asia shipping and trade remains strong. This 18th ASF in Tainan is a great opportunity for all of us in Asian shipping to meet and exchange our views to further foster our business opportunities during this period of uncertainties. It is also time for us to rationalize, consolidate and cooperate in all our efforts in preparation for the recovery, not forgetting that we also have safety and environmental concerns to manage.

The existence of an ASF Secretariat is very critical in enhancing a dominant Asian voice in shipping and progressing the mutual interests of Asian shipowners in international shipping. I am confident we will continue to excel in speaking as one united and distinctively loud Asian voice on shipping. On this note, I wish the ASF and all its delegates a successful and eventful 18th meeting.

Dr. Duong Chi Dzung / Chairman of FASA

## THE 18TH ASIAN SHIPOWNERS' FORUM FASA-FSA MESSAGE

---

Mr. Carlos C. Salinas  
Chairman of FASA-FSA

---

For the members of the ASF to come together amidst today's turmoil and trials, is indeed a refreshing and welcome opportunity.

As we confront the impact of the global economic crisis on our industry, it is imperative that we, the members of ASF, work more closely with one another, bound by a singular purpose and a common objective.

As Martin Luther King, Jr. once said, "we may have come on different ships but we are all in the same boat now." This 18<sup>th</sup> ASF Conference is an opportune time to forge solidarity among our nations, in the spirit of committed partnership, so that together, we may surmount the challenges to our industry, and turn these where we can, into opportunities.

I congratulate the National Association of Chinese Shipowners (NACS) for hosting this significant event. Likewise, I congratulate all the delegates for their presence and fervent participation. I wish you all a purposeful and successful meeting.

Mr. Carlos C. Salinas / Chairman of FASA-FSA

## THE 18TH ASIAN SHIPOWNERS' FORUM FASA-INSА MESSAGE

---

Mr. Johnson W. Sutjipto  
Chairman of FASA-INSА

---

It gives me great pleasure to congratulate the NACS for hosting the 18th Asian Shipowners Forum (ASF) in Tainan, Taiwan, on 25-27 May 2009

The ASF has provided us with the unique opportunity to share and exchange views on issues of interest to achieve our common goals in shipping. The expanded role and hard work of its five Standing Committees, coordinated through the ASF Permanent Secretariat, have contributed significantly to the progress and prosperity of the ASF and amplified the voice and interests of the Asian shipowning community.

However, there are great challenges ahead!

It is crucial that we address the issues posed by a slowing world economy and a fast-changing shipping and regulatory environment. It is also essential for the five Standing Committees to continue with their hard work to safeguard our shipping interests. I Believe we are all prepared to take on this commitment.

The current economic crisis has seriously affected global shipping. As we ride the rough seas, which I am sure will soon pass, Asia will re-emerge stronger and more resilient to face the challenges ahead. Shipping and trade will again grow.

On this note, I wish all of you every success and a fruitful meeting at the 18th ASF in Tainan.

Mr. Johnson W. Sutjipto / Chairman of FASA-INSА

## THE 18TH ASIAN SHIPOWNERS' FORUM FASA-MASA MESSAGE

---

Mr. Ir Nordin Mat Yusoff  
Chairman of FASA-MASA

---

Dear Delegates:

We have come to realize painfully that good times don't last forever. However, we also know that bad times do not last forever.

We now need to focus our initiatives and efforts in rebuilding the future. There are, after all, some reasons to be optimistic because of concerted efforts by governments all over the world to revitalize the economy.

We are waiting for the "green shoots" to appear. But I must caution that even if the trade recovers (and that means demand for shipping), the shipping industry is still awash with capacity. The shipping industry will therefore have to start addressing the problem of over capacity.

We seem to be getting some breather from the piracy problem in our part of the world (in the Straits of Malacca) – thanks to be the coordinated actions by the littoral states. But the problem has shifted, with grave concern, to Africa, where the waters off the coast of Somalia and the Gulf of Aden, with tenfold leap in piracy, have emerged as the most dangerous zones for seafarers and ship-owners'. We need to look at practical and unconventional solutions in partnership with other international and multilateral agencies to address this menace which could the global trade to a ransom.

Our Asian initiative paid off with the recent S Korean decision to overturn jail terms for the master and chief officer of the Hebei Spirit. But we remain concerned about the tendency on the part of coastal States to impose criminal sanctions for accidental pollution.

Looking ahead, the industry must continue to brace itself for more stringent international rules and regulations on safety, standards and security while our focus should remain on quality, safe and green shipping.

Thank you.

Mr. Ir Nordin Mat Yusoff / Chairman of FASA-MASA

## THE 18TH ASIAN SHIPOWNERS' FORUM FASA-SSA MESSAGE

---

Mr. S.S. Teo  
President of FASA-SSA

---

It is a pleasure and a privilege for me to take this opportunity to congratulate and thank the NACS for hosting the 18th Asian Shipowners Forum (ASF) in Tainan, Taiwan, on 25 – 27 May 2009.

It has been a very rough and turbulent year for us all as the global financial crisis hit the shipping industry hard, reducing volumes and sending charter and freight rates plunging. Being at the forefront of the world's economy, the industry was also one of the first to feel the bite of the recession.

Nonetheless, as responsible ship owners and operators, it is crucial that we remain mindful of our responsibilities when it comes to environment for future generations. The economy might be cyclical, but the consequences of neglecting safety and the environment can have a much longer-lasting impact.

It is our hope that the ASF, working through its Secretariat, will continue to lead the way in expressing the voice of Asian shipowners in the global shipping arena.

On this note, I wish all of you every success and a fruitful meeting at the 18th ASF in Tainan.

Mr. S.S. Teo / President of FASA-SSA

## THE 18TH ASIAN SHIPOWNERS' FORUM FASA-TSA MESSAGE

---

Mr. Bhumindr Harinsuit  
Chairman of FASA-TSA

---

On behalf of Thai Shipowners' Association (TSA), I would like to express our sincerest appreciation to the National Association of Chinese Shipowners (NACS) for hosting the 18th Asian shippowners' Forum (ASF) in Tainan. Our annual ASF meeting is always an excellent forum for shipowners to collaborate and further advance the maritime industry in the region. I am certain that the meeting this year will be no different.

Over the past year we have achieved good progress on many issues of common interest through ASF, such as the matter concerning piracy and armed robbery in the waters off Somalia and the Gulf of Aden where the Safe Navigation & environment committee (SNEC) was pivotal in coordinating Asian shipowners' collective effort to enlist the assistance of naval forces and government around the world to combat the problem. With the Office of the Permanent Secretariat for ASF firmly established, the ASF is now in an even stronger position to actively represent members in the international shipping community, especially in this time of economic uncertainties.

I wish all the delegates a most pleasant and successful meeting here in Tainan.

Mr. Bhumindr Harinsuit / Chairman of FASA-TSA

## THE 18TH ASIAN SHIPOWNERS' FORUM FASA-VSA MESSAGE

---

Dr. Duong Chi Dzung  
Chairman of FASA-VSA

---

On behalf of Vietnam Shipowners Association (VSA), I would like to express our heartfelt appreciation to National Association of Chinese Shipowners (NACS) for hosting the 18th Asian Shipowners Forum (ASF) in Tainan, Taiwan on 25-27 May 2009.

The world shipping market has been adversely affected by the world Finance Crisis and the slow growth of the world economy. Almost of Vietnam shipowners are medium or small Companies. Many of them are now in a difficult position.

We hope that this 18th Asian Shipowners Forum in Tainan will be a good chance for the Members of Asian Shipowners Forum to meet, to exchange their view to enable us having better solution on how to cope effectively with this uncertain situation.

We are confident that the 18th ASF will be successfully. we wish all delegates a pleasant stay in Tainan, Taiwan.

Thank you .

Dr. Duong Chi Dzung / Chairman of FASA-VSA

## THE 18TH ASIAN SHIPOWNERS' FORUM HKSOA MESSAGE

---

Mr. Peter Cremers  
Chairman of HKSOA

---

The Hong Kong Shipowners Association would like to congratulate Mr. Arnold Wang, Chairman of the 18th ASF, and his team at NACS for their warm welcome and superb organisation in hosting this year's Forum.

This time last year, I drew attention to the high freight markets, and how they were shining an ever-brighter spotlight on the Asia –Pacific region. It is incredible to think how the markets have changed over the past 12 months. While many sectors of the markets have dried up, however, it is generally accepted that the eventual driver of a much-anticipated recovery will probably be the Asia-Pacific region. Which means that there is an even greater need for a strong, consistent and coordinated Asian shipowners' voice, in order to influence the formulation of balanced regulations that will affect shipowners in the region just as much as those based anywhere else.

Our Association continues to give full support to all of the ASF Committees as well as the Secretariat, so that the Asian shipowner voice is heard in the various forums that debate the future of our industry. Once again, our Association urges all ASF Associations to volunteer, when necessary and appropriate, to represent the Asian view at international conferences, in industry meetings and working groups, as well as in international debate. Now, more than ever, we need a strong team to promote the Asian shipowner voice.

We are confident that this meeting of the Forum will go very smoothly, and we look forward to stimulating debate as well as the company of old friends.

Mr. Peter Cremers / Chairman of HKSOA

## THE 18TH ASIAN SHIPOWNERS' FORUM INSA MESSAGE

---

Mr. S. Hajara  
Chairman of INSA

---

It is indeed very heartening to note that the 18<sup>th</sup> AGM of the Asian Shipowners' Forum (ASF) is scheduled to be held in Taiwan from 25<sup>th</sup> to 27<sup>th</sup> May 2009. This will be the first annual meeting of ASF for our Association viz. the Indian National Shipowners' Association, which has recently joined the ASF fold.

Since 1992, ASF has been playing a major role not only in promoting the overall development of shipping but also ensuring the competitive edge of Asian shipping in the global arena. It is also encouraging to note that ASF is now regarded as a matured organization to effectively represent the members' interests internationally, on all matters affecting the shipping industry.

The year ahead will be a challenging one the shipping industry in view of the impact of the melt down in the global economy. The 18<sup>th</sup> ASF meeting will provide an opportunity to exchange views and suggest solutions to effectively cope up with such situations. The Indian National Shipowners' Association is very happy to be associated with the ASF and supports all its endeavours to strengthen the shipping industry in general and Asian shipping in particular.

On behalf of INSA, I convey our best wishes to all the delegates for a fruitful meeting at the 18<sup>th</sup> ASF AGM.

Mr. S. Hajara / Chairman of INSA

## THE 18TH ASIAN SHIPOWNERS' FORUM JSA MESSAGE

---

Mr. Hiroyuki Maekawa  
President of JSA

---

On behalf of the JSA, It is my great honour and pleasure to extend our heartfelt thanks to Mr. Arnold Wand, Chairman of the 18th ASF, and his team at the National Association of Chinese Shipowners, for their thoughtful arrangement of this year's Forum.

Since its inauguration in 1992, the ASF has been greatly contributing to the promotion of stronger mutual trust and understanding among Asian shipowners, through a frank and lively exchange of views on common issues in Asian and world shipping. The addition to the ASF membership of the Indian National Shipowners' Association (INSA) will further make ASF's presence felt in the international shipping society. The JSA would like to extend a special welcome to the INSA as an ASF member.

In addition to the ongoing and severe global economic downturn, the industry is facing various critical challenges, such as greenhouse gas emissions from ships and pirates in Somali waters. Under the circumstances, Asian shipowners, who are now assumed to control a considerable share of the world fleet, must accept the ever-growing responsibility in tackling those issues. In this respect, I am convinced that it is becoming more significant for the ASF to further strengthen the existing cooperation and coordination among us. and express our consensual views in a timely and effective manner to the international community, including the IMO, either directly or through our respective governments.

Under the leadership of Mr. Arnold Wang, I sincerely look forward to working and discussing with all the delegates attending the 18th ASF in TAINAN, where we expect successful results for us all.

Mr. Hiroyuki Maekawa / President of JSA

## THE 18TH ASIAN SHIPOWNERS' FORUM KSA MESSAGE

---

Mr. Jin-Bang Lee  
Chairman of KSA

---

On behalf of the Korea Shipowners' Association, I would like to convey my heart-felt congratulations to the National Association of Chinese Shipowners for organizing and hosting the 18<sup>th</sup> Asian Shipowners' Forum (ASF) in Tainan.

The serious uncertainties of global financial market triggered by the US financial crisis have spread to physical market. This has brought about the decrease of world trade volume. Hence, the fiscal health of shipping companies has deteriorated due to the sharp slump in the world shipping market. In addition, it is expected that we, shipping companies will suffer from difficulties for some time, which are caused by the declining vessel values and monetary stringency, etc.

It is of my view that the ASF has played an important role as a mediator in strengthening the unity of the Asian shipowners and made representation to the international society. I firmly believe that this forum for all of us will be a chance to stick together so as to tide over the current crisis, and further to convert it into opportunity.

Moreover, it seems important that the ASF office would assume a role as a spearhead for achieving our ultimate goal by more continuously encouraging its members and more actively communicating with the international shipping entities.

I sincerely hope that all delegates of the 18<sup>th</sup> ASF think over the meaning of "mutual co-operation and understanding" with good memories.

Mr. Jin-Bang Lee / Chairman of KSA

## **ASF SECRETARY GENERAL'S MESSAGE**

## THE 18TH ASIAN SHIPOWNERS' FORUM ASF MESSAGE

---

Mr. Wang Cheng  
Secretary General of ASF

---

First and foremost, I want to take this opportunity to thank Mr. Arnold Wang, Chairman of NACS and the Forum (2008-2009), for hosting the 18<sup>th</sup> Asian Shipowners' Forum at Tainan, and the whole planning committee for their excellent planning and organization of the session. The organization of such annual meeting for the members and its delegates has always proven to be a success and it has created an avenue for old friends to meet together despite their busy schedules.

The progress of ASF in these 18 years has been tremendous. We have accomplished many milestones since its inauguration in 1992. The setting up of the Permanent Office in Singapore in 2007 is a significant step that we have taken. Through this office and the 5 Standing Committees, the key issues concerning the Asian Shipowners' interests were well taken care of. Chairman Meetings are also held bi-annually to discuss issues and to look into the various aspects of the ASF business.

Another important breakthrough in the history of ASF today is having the honour for one of India's largest shipowners to join the ASF. At this juncture, I want to warmly welcome the Indian National Shipowners' Association (INSA) at this 18<sup>th</sup> ASF to join us as a member. INSA is already 80 years old since its establishment in the marine business. It has 36 members with a combined gross registered tonnage of 9.02 million tones, which represent 90% of the total Indian tonnage. Indian is a fast developing country that has a strong and rich culture and also a long history in the marine industry. With the membership of INSA, the ASF is now stronger and formidable in its stature and the impact it will have on the international shipping industry is inconceivable.

We in ASF will continue to promote and protect the interest of our members. We want to reflect the ASF's perspective on issues that concerns us and also the welfare and interests of the mariners to the world and the media. Today, ASF is well recognized by all in the marine industry. We have placed ourselves in a position that is well respected by many.

I am honored to be part of this big family and it is my sincere wishes that all of us will have a fruitful time in Tainan and the experience that we are going to share with one another will be worthwhile.

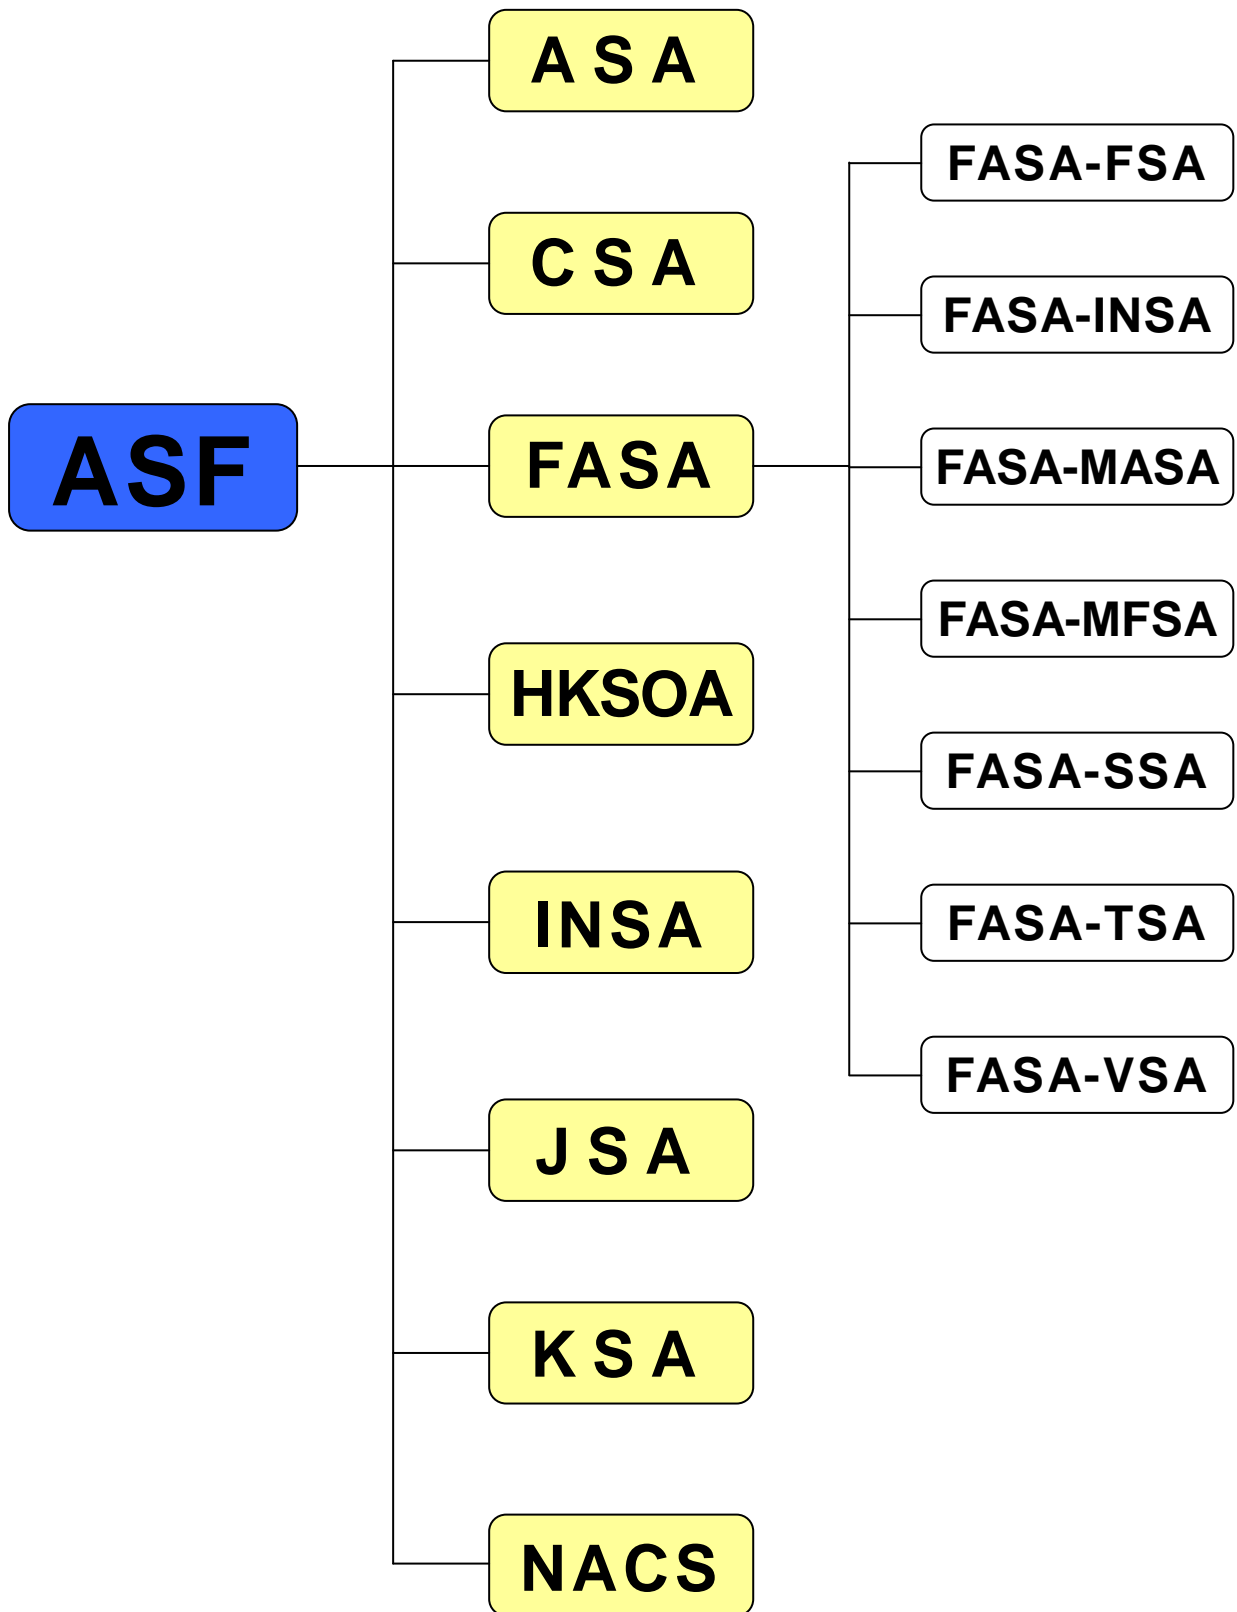

Mr. Wang Cheng / Secretary General of ASF
